KICKING THE YEAR OFF RIGHT

Sigma Pi teams up every semester with The American Red Cross and host a blood drive as a community service project. This semesters blood drive was ran by Andrew Zelnick of the Alpha Rho pledge class and Travis Whitney of the Alpha Phi pledge class. The event took place in the new MAC center and was a big enough space for the Red Cross to accompany all the students, teachers, anyone else who wanted to come and do the good deed of donating blood. We put in a lot of work before this event happens, advertising in the dining hall and student center. The event took place on April 17th and was held from 10am to 4pm. What is also great about the event is that the Red Cross registers each student in their computer system and then mails them a donor's card for future use. This ensures that people in the area will continue donating blood making it a quick and simple process. Altogether we raised 55 pints of blood with a great turn out and a great look for the chapter!

CONGRATULATIONS DR. JOSEPH MOSCA

As you may or may not know Dr. Mosca has been busting his butt for many years managing the business department, teaching courses and what benefits our organization the most, advising our fraternity. This year Doc was awarded the “Most Outstanding Advisor Award” by the Monmouth University Greek Senate for all his hard work. Thank again Doc for everything you do for the chapter!

BAMOOZLE SIGMA PI STYLE

This year the Bamboozle Music Festival was held in Asbury Park, NJ. The Delta Beta Chapter was asked to work the Sigma Pi concession stand and we were excited to do so. Getting a tan, listening to music, and giving out beer are right down our alley!

**ACE
PROJECT**

**ACE
PROJECT**

This semester for ACE Project we thought it would be a good idea instead of doing one big idea to spread it out over the course of two days and sponsor two smaller events. For day one we threw a BBQ in the QUAD, where the residence halls are. Since the chapter is sponsored by Monster Energy Drink, they were there with their big Monster pickup truck giving out free Monster to anyone who wanted it. We also had a brother of the fraternity, Cameron Nichols, DJ'ing the event. The turnout was great and we really made a name for ourselves especially to all the new freshman students who live right in the building around the QUAD. That same night we did a Sam Spady presentation in the Bey Hall Auditorium. Even though the Sam Spady foundation is now longer around, we still like to do the presentation to get the word out about alcohol awareness. For the next day we got in contact with a woman in out of Hazlet who runs the "180 Turning Lives Around" which is an organization that speaks out about domestic abuse and violence against women. President Gaffney is very involved in this organization so we had the women come to Monmouth perform a presentation to the students.

Monmouth vs. FDU Basketball Game

As a chapter we like to get together with Alumni as much as possible throughout the year. This year when the Monmouth basketball team played Fairleigh Dickinson University at home, Alumnus Jerry Amedeo hosted donors to the Delta-Beta CEF in his private suite at the MAC. In addition, the chapter and brothers from FDU attended the game and sat underneath the suite to watch the game. The turnout was great. This is just one of the great ways for brothers to get together and talk about new happenings among the chapter. Thanks a lot Jerry – we greatly appreciate your kind gesture.
