

Events With Alumni

-This Fall semester, the biggest Alumni event that we held was our annual homecoming. Many brothers from all walks of life were present and it was an amazing experience to reconnect and rekindle with the older alumni. Hearing stories of the past and seeing how the chapter has progressed over the years was extremely interesting and made the undergraduates feel that they really are apart of an great and historic organization.

-We also hosted Our 2nd annual Candle Light ceremony for our fallen Brother Christopher “Khali” Mejia which turned out to be a huge success. We invited all alumni as well as the greek community and the Monmouth Community.

Events Planned For the Spring Semester

This upcoming spring, we active brothers are trying to plan a day that the alumni and our active brothers can go to a sporting event. This is a great way to keep in touch and enjoy the day.

We are also attempting to set up another Founder's Day gathering like the one we held last year. It was a great turnout and we want to have the same experience again this year!

Community Service

Our chapter always gives back to the local community. We love assisting people in need of help and there is no better feeling than serving others. Some of the community services our chapter has performed are:

- Local Soup Kitchens
- Habitat for Humanity
- Monmouth Annual “Big-Event”
- NJ Sharing Network Event
 - “Organ Donating”

Congratulations to the Fall 2014 Initiates

Robert Sawyer – Montvale, NJ

Salvatore Popillilo – Gilette, NJ
