Summer 2021

Sage's Update

This past year has been like no other because of the covid-19 pandemic. With everything being online for class, meetings, and all things involved with Monmouth University this semester, it became difficult to plan and organize social events, fundraising, and recruitment. But even with the pandemic hindering our chapter, we exceeded expectations involving recruitment. We now have 10 new exemplary brothers who were initiated this past spring. We believe they will carry on the legacy of Delta-Beta Chapter. At the end of the day, we made the best of what we were dealt throughout this pandemic. We are looking forward to getting back to normalcy on campus in the upcoming fall semester as this pandemic comes to an end.

CEF Committee Update

Thanks to the generous support of our donors, this spring the Chapter Educational Fund was able to award a record NINE scholarships to Delta-Beta Chapter brothers! This adds to the two scholarships that we awarded in Fall 2020. In total, these awards added up to \$6,000!

The Delta-Beta CEF Balance as of July 31, 2021 is:

\$56,165.57

CEF Committee Members:

Vinny Bruno '14, Mike Ciavarella '98, Andrew Grosso '08, Anthony Horan '15, Michael Stigliano '17, Jimmy Vandervalk '13, Joe Palazzolo '03

For more details about the Delta-Beta Chapter Educational Fund as well as information on how you can make a tax-deductible donation, please contact Joe Palazzolo at joe1897@gmail.com.

ALUMNI ZOOM MEETINGS

SIGMA PI
DELTA-BETA CHAPTER

Our chapter began to meet with alumni on a regular basis over Zoom this past semester. In the calls we would discuss career paths and the experiences the alumni had while undergraduates. These calls were great for our chapter because our alumni shared their knowledge and experiences. They gave great advice that will help us grow as men. Hopefully, we can continue this new tradition for many years.

DELTA-BETA CHAPTER

Why did you join Sigma Pi? Did anything specific stand out to you when you were rushing?

- During the rush period I met with three fraternities, and to be honest Sigma Pi was always the clear choice in my mind. There wasn't anything wrong with the other fraternities on campus, but from my first interaction with the guys from Sigma Pi I knew this was a group of guys that I could see myself being real friends with and not just guys to throw a party with. During the rush process Sigma Pi felt like genuine guys that were really friends with each other, they never tried to put on a show.

Aside from the parties, what did you take away from your undergraduate years as a brother of Sigma Pi?

- Joining Sigma Pi was without a doubt the best decision I made while in college. The memories I made and the friends that I still keep in touch with today all came from the decision to join Sigma Pi. Those experiences and friendships just don't happen outside of the college experience.

What is your favorite college memory?

- I have a lot of great memories from my time at Monmouth, but Greek Week always stands out as a favorite memory of mine. Competing against the other fraternities always brought us all together in the spirit of competition.

Where do you currently live? What is your current profession?

- After leaving New Jersey shortly after college to pursue career opportunities I've lived in Arizona, California, Ohio, and recently moved to Flemington, NJ with my wife and two children.

I work for Toyota/Lexus as the Vehicle Marketing Manager for the Northeast.

Do you have a message for the undergraduates?

- It may not feel like it now, but your time in college goes by too fast. Say "yes" to every opportunity and create as many memories as you can while you're there.
